Dear [REDACTED]

This is in response to your March 24, 1998, letter concerning FUSRAP project job tracking. The United States Army Corps of Engineers currently does not have authority to reimburse the Town of Tonawanda for its engineering involvement in either the Ashland or Town of Tonawanda landfill projects.

If you have any questions or wish to discuss the matter further, please contact [REDACTED] of my staff at the above address or by calling (716)879-4276.

Sincerely,

SIGNED
