

You are invited to attend . . .

*the U.S. Department of Energy's
Treatability Workshop
for the Tonawanda Site*

Monday September 19, 1994

6:30 to 8:30 p.m.

Holmes Elementary School (Cafeteria)

365 Dupont Avenue

Tonawanda, New York

DOE site manager Ron Kirk and other technical representatives will discuss treatment technologies for use on contaminated materials.

If you would like to attend the workshop, please register by calling Emily Lakto, Information Center Coordinator at the DOE Public Information Center at (716) 871-9660.
