

103 Broderick Park, Buffalo, NY

U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG®

AUTHORIZATION:

- Section 103 of the Flood Control Act of 1946, as amended – Emergency Streambank and Shoreline Protection

PROJECT SPONSOR:

- City of Buffalo

LOCATION:

Figure 1: Aerial view of Broderick Park and surrounding Niagara River

Figure 2: A section of the damaged seawall at Broderick Park. The Buffalo Sewer Authority Sewer Plant is in the background.

Congressional Member Interest	Key Stakeholder Interest
Representative Brian Higgins (D) NY-26	Buffalo Waterkeeper
Senator Charles Schumer (D) NY	City of Buffalo
Senator Kirsten Gillibrand (D) NY	Buffalo Sewer Authority

PROJECT DESCRIPTION AND BACKGROUND:

The purpose is to provide shoreline protection to approximately 4,000 feet of shoreline between the Niagara River and the Erie Canal that has been deteriorating due to continued wave action from the Niagara River. Broderick Park is a multiple use recreation area that provides access to Bird Island (Nowak) Pier and is home to the city's wastewater treatment plant which treats and safely discharges city sewage. Protection will ensure continued operation of the wastewater treatment plant, its ability to maintain uninterrupted service, and safe and sanitary conditions for residents and the environment.

BUDGET INFORMATION:

Authorized Total Project Cost	\$16,500,000
Non-Federal Sponsor Cost	\$6,500,000
Federal Cost	\$10,000,000
Federal Funding Received Prior to FY24 President Budget	\$451,856
