

US Army Corps
of Engineers®

Morristown Harbor, NY

Harbor Features

- Located on the St. Lawrence River, in the Town of Morristown, St. Lawrence County, New York.
- Authorization: River & Harbor Act of 1927.
- Shallow draft recreational harbor.
- Project depth is 9 feet in the entrance channel.
- The Harbor consists of an entrance channel 150 wide and approximately 800 feet long.
- Major stakeholders include fishing interests, private marinas, and the recreational boating community.

Project Requirements

- Currently, there are no critical maintenance requirements.

Consequences of Not Maintaining the Project

- Potential safety issues for recreational boating community.
- Potential functional loss of Harbor of Refuge.
- Negative economic impacts, locally and regionally.

Transportation Importance

- Provides safe access between Morristown Bay and the St. Lawrence River.
