Little Sodus Bay Harbor, NY

Harbor Features

- Located on Lake Ontario in the town of Fair Haven, Cayuga County, NY
- Authorization: Rivers & Harbor Acts of 1852, 1871, 1881, and 1902
- Deep draft recreational harbor
- Project depth is 15.5 feet in the entrance channel. The current maintained depth is 8 feet.
- The current maintained depth is based on recreational needs only.
- The east pier, west pier, and east breakwater provide a total length of 5,237 feet of protection to the harbor.
- Major stakeholders: U.S. Coast Guard, commercial fishing interests, a private marina, and the recreational boating community.

Project Requirements

- The harbor typically requires dredging every 5 to 10 years to maintain the navigation channel. The harbor was last dredged in 2018 when approximately 91,000 cubic yards of material was removed. Maintenance dredging is planned for 2023.
- Construction of the permanent repairs to the damaged sections of the west pier were completed in 2022.

Consequences of Not Maintaining the Project

- Potential safety issues for recreational boating community.
- Negative economic impacts locally and regionally.

Transportation Importance

- Little Sodus Bay is a harbor of refuge.
- Provides safe passage between Little Sodus Bay and Lake Ontario.
- Harbor offers 550 slips for rent, as well as 8 launch ramps which serve thousands of boat launches per season.
- Home to approximately 16 charter boats. making approximately 900 trips per year.
- Generates \$10.9M in total revenues to accommodations, restaurants, retail, boat repair, and other services and industries; supporting 107 jobs and \$3.7M in labor income.
