

# **Consultant List**

## **within the U.S. Army Corps of Engineers, Buffalo District area of responsibility**

**The following is a list of consultants for environmental and engineering services. This list is not all inclusive. This list contains only firms who have requested listing.** The Corps of Engineers provides this list as a service to the public. No recommendation or guarantee of competence or experience is implied by this listing. The Corps of Engineers neither endorses nor accepts responsibility for work performed by any firm on this list. It is suggested that prospective clients ask for credentials before contracting for professional services. **The Government assumes no liability for any damages suffered by anyone doing business with a person or company named on this list.**

If a consulting firm would like to be added to this list, they should submit their contact information in the format below to [LRB-OutReach-Events@usace.army.mil](mailto:LRB-OutReach-Events@usace.army.mil)

**NOTE:** The Corps of Engineers has the final authority with respect to the delineation of waters of the U.S., including adjacent wetlands, as well as the determination of which activities require a Department of the Army permit. All delineations of waters/wetlands must be conducted and documented in accordance with the 1987 Wetland Delineation Manual and appropriate regional supplement. The Corps will review all jurisdictional determination requests submitted.

All firms are listed by state and in alphabetical order, in the following format:

Business name  
Address  
Phone  
Point of Contact (POC) [if provided]  
Email address  
Website

\*Please note that some firms work in more than one state and the organization of this list by state order is just for ease of navigating this document.

---
