B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND: The property owner is replacing their garage with one that is approx. four feet wider and feet longer in the same general location as the existing. The garage to be replaced is located on the south side of Sandy Harbor Drive and a ponded area is located south of the property. Review of map resources and recent photographs submitted by the agent determined the 0.04 acre review area (Sheet 3 of 3) to be upland. There is no evidence from these resources that there is a wetland within the location of the replaced garage.

¹ This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.
